Re: Docket # 2008-302-E

To Whom It May Concern:

I read about the proposed rate increase for South Carolina Electric & Gas and want to add my comments for your consideration. I strongly protest any approval of rate increases during these tough economic times. It is difficult enough putting food on the table and gasoline in our vehicles but SCE&G wants another rate increase. It's every year and frankly I am getting tired of hearing them whine and moan about how they need more money. People are losing jobs and their homes. Someone at SCE&G needs to come to their senses. If they want to raise more money they should give some of their overpaid executives pay cuts. Someone needs to start looking out for the little people. It's time for the middle class to get some relief. I'm in favor of a rate decrease. Tell SCE&G to become a patriotic company and start giving back to the people that have made them into what they are today – WEALTHY!

Sincerely,

Evelyn Barfield
